## SANTEE COOPER IS FOCUSED ON AFFORDABILITY, RELIABILITY, AND OUR TRANSITION TO A MODERN ENERGY PORTFOLIO.

---

We're ranked **10th nationally** for residential reliability (out of nearly 500 utilities).

---

Santee Cooper's average monthly bill for a typical residential customer in 2023 was \$110.46, which is **20% lower** than the average of other large electric utilities in South Carolina.

---

We're planning to modernize our generating portfolio over the next decade and **reduce our carbon emissions rate by over 50%** from 2005 levels, with further reductions as more solar comes online.
