SCAN ME!

Keep Cool this Summer.

Need to replace your heating and cooling system? Want more control over the temperature in your home? We offer rebates for energy-efficient heat pumps and smart thermostats.

Approximately 50% of the average residential electric bill reflects heating and cooling costs. Replace your unit and you could receive a rebate of up to **\$700**, and enjoy better energy efficiency too!

You could also receive a \$50 rebate for installing a smart thermostat, which allows you to control the temperature of your home from anywhere, using your smart device.

For more information on any of our **EmpowerHome** programs, you can email us at **residential.energy@santecooper.com** or call **800-804-7424**.
