

Rebate Reservation Worksheet

Instructions:

1. Complete and Submit a Rebate Reservation Worksheet to Reserve the Rebate Funding for Your Solar PV System installation:
 - a. Prior to submitting the Application to Interconnect to Santee Cooper; and
 - b. Prior to the purchase and installation of your solar PV system
2. Complete one Rebate Reservation Worksheet per Installation Address.
3. Rebate reservations shall be allotted to solar PV systems approved for interconnection on a first come, first served basis.
4. Application to Interconnect and Customer application must be approved by Santee Cooper in order for a rebate payment to be issued.

5. Rebate payments will be made to the Customer listed in the Customer Application.
6. All customer information on the Rebate Reservation Worksheet must be the same as that provided in the Customer Application. Incomplete or inconsistent Worksheets will not be processed.
7. Application and required documentation must be submitted to Santee Cooper within 90 days of the purchase and installation of the solar PV system in order to be eligible to receive rebates, or November 30, 2017, whichever comes first.

Note: Applicants must submit a completed Customer Application to be eligible to receive rebates

Step 1

General Information

Customer Information

Customer Name (as it appears on Santee Cooper Bill)

Installation Address	City	State	Zip
----------------------	------	-------	-----

Electric Account Billing Address (if different from Installation Address)	City	State	Zip
---	------	-------	-----

Santee Cooper Account Number(s) Associated with Installation Address (located on Santee Cooper Bill)

Contact Name	Contact Phone Number	Email ¹
--------------	----------------------	--------------------

¹E-mail to be used for program communication only and will never be distributed or sold to a third party.

Step 2

Rebate Estimator

The rebate estimator shows what your rebate would be if you installed a system of the size indicated below. The rebate is subject to change based on the actual system size.

Estimated System kW (AC)		\$/Watt (AC) Rebate		Rebate Amount (\$)
	x	\$1.60	=	

Note: rebates are capped at 6 kW AC for a maximum rebate of \$9,600.

Step 3

Customer Signature

By signing below, I certify that the information provided to Santee Cooper or Program Administrator in and as a part of the Customer Application is accurate and complete and I will notify Santee Cooper immediately of any changes to the information.
